

Music Minister Council Report
Tim Beasley
November 2016

1. I'm back to work full-time now and feeling much better. I've lost 50 pounds in water retention over this past month. I continue to see my doctors regularly and will see my cardiologist again in two weeks and will undergo testing in six weeks to see if the blood clot in my heart has dissolved. Thanks for all your prayers and support.

2. All our music groups are back on regular rehearsal schedule.

Monday at 6:00pm — KidSong Music Club
Tuesday at 6:30pm — Handbell Choir
Wednesday at 7:30pm — Rejoice Praise Team
Thursday at 6:30pm — Adult Choir

3. Unfortunately, due to my illness and the busy schedules of several choir members, the Christmas concert has been postponed until next year. Rather than a concert, we'll focus on joyous music for the season and Christmas Eve.
