

Final Update from Devra:

1. First, I would like to say THANK YOU for your partnership in ministry and your dedication to serving God through the ministries of this congregation.
2. My personal belongings have been removed from the office. I did leave behind a bookcase and the black file cabinet. Resources and books for the various teams are still on the bookshelves. Team leaders know about the resources and which shelves they are on. The lateral file also has some files/documents for the various teams and areas of ministry. There is a small file drawer with some historical documents (for instance, congregational meetings back to 1991).
3. I have transferred the necessary computer files to the network: Zacchaeus > Office > Devra that will be useful to staff and lay leaders. I also put FaithWalk and Adult Discipleship (Small Group Training, Devotionals, etc.) documents on a flash drive for the Adult Discipleship Team Leader.
4. Ray and I are open to purchasing the Mac Mini computer I was using. Mac mini (Late 2012) 4GB Core i5 2.5ghz I found this product for sale on eBay for \$405 to \$435. The Tech Team is also open to the purchase.
5. Greg Trunoske and Joe Hauser have a passion for recovery ministry and are in the process of developing a recovery ministry. Sharon Barnard will also be part of this ministry. Sharon also has extensive experience with Celebrate Recovery. I have passed along a few of my resources for Celebrate Recovery. Look forward to hearing from these folks about their plans. It has been several years since we had Celebrate Recovery at Holy Spirit.

With Joy!
